- Tested and certified to BS8620:2016

BoSS® pod

BoSS Pods are the latest addition to the BoSS fleet of high quality Work at Height access solutions and are certified to the latest BS8620:2016 safety standard.

These lightweight but sturdy systems are designed as single folding units for easy storage and transportation. The all-in-one Podiums with fully integral parts features pivoting stabilisers and an integrated ladder for easy ascending/descending. With a compact footprint, the **BoSS Pods** provide easy solutions when working in small spaces.

Toe Board
available as an
optional extra
(31000900)
